PETZL ST'ANNEAU WEBBING

https://www.securhit.com/en/anchors-and-tie-back-systems/518-584-sangle-petzl-st-anneau.html#/546-longueur_c07-120_cm

PETZL ST'ANNEAU webbing, the lightweight stitched ring for creating secure temporary anchor points. Three color-coded sizes for easy length identification.

Description

One of the essentials in a complete climbing kit? The PETZL ST'ANNEAU sling is lighter than traditional sling rings, making it ideal for a wide range of uses. Whether for belaying at a stop, equipping a descent or extending anchors, this ultra-resistant ring is ideal for supporting static loads.

- Lighter, more flexible material than conventional polyamide rings
- Extremely high wear resistance
- Three color-coded lengths for easy identification

The webbing is personal protective equipment (PPE) against falls from height. A system for mountaineering, climbing and other vertical activities using similar techniques.

Sizes: 24, 60 or 120 cm.
3-year warranty.
