

PETZL NEWTON INT HARNESS

https://www.securhit.com/en/harnesses-and-belts/527-612-harnais-petzl-newton-int.html#/574-taille_c073ba-taille_1

Easy-to-install international fall arrest harness with color-coded straps. A versatile, ergonomic and lightweight device for successful work at height.

Description

Versatile, lightweight personal protective equipment for safe work at height? PETZL's NEWTON harness, in its international version, accompanies professionals in perilous interventions.

Ergonomic design:

- A body-hugging harness with excellent freedom of movement
- Highly resistant textile sternal attachment point
- LIFT retractor connection for successful vertical descent
- Strong, durable metal dorsal attachment point (anodized aluminum)

Easy fitting:

- Color-coded straps to identify the upper and lower parts of the harness before putting it on.
- Easy opening and closing of the harness thanks to the FAST LT PLUS sternal buckle and release system to prevent accidental opening
- DOUBLEBACK self-locking buckles for quick adjustment of shoulder and thigh straps
- Optimized tool access with TOOLBAG tool holders and pouch loops

The international version of the NEWTON harness features a fall indicator. After a fall, a red strap appears, indicating the need to change harness.
