Easy-to-fit PETZL NEWTON FAST EUR fall arrest harness, certified to European and Russian standards. Versatile, ergonomic personal protection equipment.

Description

A safety device for working at height, but no need to waste time putting it on? The European version of the NEWTON FAST harness, designed by PETZL, sets itself apart with its practical design.

Ergonomic design:

- A harness designed to fit close to the body, with excellent freedom of movement.
- Optimized attachment points: textile sternal (lightweight and sturdy), metal dorsal (anodized aluminum, a durable material)
- Padded shoulder straps spaced from the neckband
- Possibility of connecting a LIFT retractor for successful descent in standing position

Easy installation:

- FAST LT buckles for quick and easy donning of the harness with feet on the ground
- FAST LT PLUS sternal buckle for easy opening and closing of the system, with a release mechanism designed to prevent unexpected opening
- DOUBLEBACK self-locking buckles for suspender adjustment in seconds
- Two gear loops and two TOOLBAG loops for easy access to tools
