

BOULDER X MID CARBON/FLAME MOUNTAIN SHOE

<https://www.securhit.com/en/technical-footwear-and-clothing/540-chaussure-montagne-boulder-x-mid-carbon-flame.html>

Approach shoe ideal for walking and light trekking

Description

The Boulder X Mid is a lightweight, breathable shoe with a waterproof membrane.

Designed specifically for mountain rescuers and guides, this mid upper is a reliable ally for technical approach walks and light trekking.

Key features:

- The upper is reinforced with a full rubber band to protect against impact and abrasion. The GORE-TEX lining ensures optimum thermal control even after long walks.
- Patented lacing system derived from the world of climbing and inspired by the Mythos project. The 2mm EVA layer guarantees a high level of shock absorption and enhances the shoe's overall comfort.
- Vibram® sole with Impact Brake System and Climbing Zone at the toe for even more grip when climbing.

Colours available: Blue/Yellow, Carbon/Orange, Grey/Red
