

PETZL XENA HEADLAMP

<https://www.securhit.com/en/lampes-frontales/565-lampe-petzl-xena.html>

The powerful, rechargeable and intelligent PETZL XENA headlamp. With CONSTANT LIGHTING technology for optimum visibility in any situation, from far or near.

Description

Seeing well and being seen, that's the credo of construction work. The PETZL XENA headlamp is the ideal ally for work in the dark, thanks to its many advantages.

- 32-hour runtime (maximum) without needing to recharge the battery
- Waterproof and particle-proof (IP67)
- Wide beam for close-range work, mixed beam for field work or focused beam for distant vision
- BOOST mode: 1400 lumens of focused light for 10 seconds
- Fixed or flashing red light
- Simple light level selection
- Automatic LOCK function to lock on during transport
- 5-level battery gauge
- Plate for easy lamp orientation

Power supply: Lithium-Ion 3200 mAh, 3.7 V, 11.84 Wh

Caractéristiques

- Weight : 185 g
- Certification : CE
