PETZL SWIFT RL HEADLAMP BLACK/YELLOW

https://www.securhit.com/en/headlamps/567-lampe-petzl-swift-rl-noir-jaune.html

PETZL SWIFT RL headlamp combines power, compactness and lightness, with REACTIVE LIGHTING® technology. 1100 lumens. For maintenance, inspection and technical rescue.

Description

The PETZL SWIFT RL headlamp provides all the benefits needed by professionals working in maintenance, inspection and technical rescue.

Great power for interventions:

- Luminous flux of up to 1100 lumens
- Two lighting modes, REACTIVE LIGHTING® (longer runtime and greater visual comfort) or STANDARD LIGHTING
- High impact resistance (IK05)

Different lighting levels:

- Three lighting levels with mixed beam, proximity or localized lighting
- Fixed red light also available

Simple operation:

- A single button for all functions: ON/OFF, lighting modes and levels, and locking.
- Easy lamp orientation thanks to the base plate
- 5-level battery level indicator
- LOCK mode to prevent unwanted switching on during transport
- Removable headband for machine washing
- Accessories can be installed via a compatible plate for fitting the headlamp to helmets

A 2350 mAh Lithium-Ion battery, rechargeable via USB-C and replaceable.

Water resistance: IP67

Caractéristiques

- Weight : 110 g
- Charging time : 5 h
- Certifications : CE, UKCA
