PETZL JANE I single lanyard for use as a fall-arrest lanyard with ABSORBICA energy absorber. A non-adjustable piece of dynamic rope equipment, available in three lengths (60, 100 and 150 cm).

Description

Work at height or climbing sessions require reliable, robust equipment to ensure your safety. PETZL's JANE I single lanyard is a must-have for safe climbing. Non-adjustable as a dynamic rope, it allows you to benefit from a simple energy-absorbing lanyard, by combining it with the ABSORBICA energy absorber (up to 2 meters in length).

- Excellent carabiner retention and anti-abrasion protection of the termination thanks to the plastic sheath.
- Temporary mooring on an anchor or around a suitable structure.
- Plastic sheath with individual identification markings for monitoring the device throughout its life cycle

The PETZL JANE I lanyard is available in different lengths: 60, 100 and 150 cm.
