PETZL JANE Y double lanyard to create a fall-arrest lanyard with an ABSORBICA energy absorber. Available in two lengths: 60 and 100 cm.

Description

Working at height requires the use of top-quality equipment to guarantee your safety. PETZL's JANE Y double lanyard is an essential piece of equipment for working in a safe environment. Non-adjustable as a dynamic rope, it allows you to use a double energy-absorbing lanyard in conjunction with the ABSORBICA energy absorber (up to 2 meters in length).

- The plastic sheath holds the carabiner securely in position and protects the termination from abrasion.
- Plastic sheath with individual identification markings for monitoring the device throughout its useful life.

The lanyard is available in two lengths, 60 or 100 cm.

Caractéristiques

- Material : polyester
