Robust 11.5 mm diameter rope for working at height

Description

The 11.5 mm diameter industrial semi-static rope is the benchmark for lightness and strength. Ideal for working at height.

What's more, it has a special sheath construction that makes it easy to handle and gives it record resistance per gram.

Built like the rest of the INDUSTRIE range, the 11.5 has been oversized to meet the most demanding applications.

Caractéristiques
