PETZL MGO OPEN 110 CONNECTOR

https://www.securhit.com/en/carabiners-and-connectors/607-connecteur-petzl-mgo-open-110.html

PETZL MGO OPEN 110 directional connector with wide opening and automatic locking. Features an openable connection point for use with a variety of lanyards.

Description

Connectors are essential safety equipment. They reliably link devices together so that work at height can be carried out with complete peace of mind. PETZL's MGO OPEN 110 connector is specially designed for connection to metal structures or large-diameter elements. It boasts a number of strong points to ensure the success of missions in complete safety.

- An openable connection point for fitting the MGO OPEN at the end of double lanyards such as ABSORBICA-I, ABSORBICA-Y, JANE, PROGRESS or PROGRESS ADJUST, and work positioning lanyards such as GRILLON (reusable even if the lanyard is damaged).
- An ergonomically designed release handle
- A dedicated connection point for long-axis work

The connector is available in 2 versions: MGO OPEN 60 with a large 60 mm opening (490 g) or MGO OPEN 110 with a very large 110 mm opening (930 g).

Caractéristiques

- Material : Aluminium
