PETZL PRUSIK MINDER PULLEY

https://www.securhit.com/en/pulleys-and-ascenders/622-poulie-prusik-haute-resistance-petzl-minder.html

PETZL PRUSIK MINDER high-strength, high-performance pulley. Specifically designed for rescue professionals. Easy to install as a non-return device.

Description

Rescue professionals need the right equipment. Reliability and sturdiness are paramount to ensure the safety of those involved in rescue operations. PETZL's PRUSIK MINDER pulley combines several advantages to make even the most delicate operations a success.

- Flanges perfectly suited to the use of Prusik self-locking knots in non-return structures
- High efficiency (97%) thanks to the sheave's large diameter (51 mm), mounted on sealed ball bearings.
- Can accommodate up to three carabiners for easier maneuvering
- Compatible with rope diameters from 7 to 13 mm

Maximum working load: 4 kN x 2 = 8 kN.

Caractéristiques

- Weight : 295 g
- Certifications : CE EN 12278, NFPA 2500 General Use, UKCA
