PETZL PRUSIK TWIN PULLEY

https://www.securhit.com/en/pulleys-and-ascenders/623-poulie-double-rea-petzl-twin.html

PETZL PRUSIK TWIN double pulley, very high strength and excellent performance. Specially designed for non-return assemblies with high load reduction.

Description

One of the roles of pulleys is to increase traction for easy lifting. It's vital to be able to efficiently reduce the load. The PETZL PRUSIK TWIN pulley is the ideal equipment for non-return assemblies.

- Flanges designed for use with Prusik self-locking knots in non-return devices
- Multiple types of hauling thanks to parallel-mounted sheaves and additional attachment point.
- High efficiency (97%) guaranteed with large-diameter sheaves (51 mm)
- Simplified maneuvering thanks to carabiner capacity (up to three)

Maximum working load: 2 x 3 kN x 2 = 12 kN.

Caractéristiques

- Weight : 450 g
- Certifications : CE EN 12278, NFPA 2500 General Use, UKCA
