PETZL ROPE END MARKING KIT

https://www.securhit.com/en/ropes-and-cords/626-kit-de-marquage-de-bout-de-corde-petzl.html

PETZL rope end marking kit, designed to identify professional ropes. Includes 20 pre-filled labels and 20 heat-shrink tubes. Rope compatibility: 10.5 to 13 mm.

Description

In addition to high-quality equipment, safety also requires clear identification of accessories. PETZL's rope end marking kit is specially designed for easy identification of professional ropes. It includes :

- 20 pre-filled 30 x 20 mm rot-proof labels, providing excellent legibility for information added to ropes (diameter, length, design date...)
- 20 heat-shrinkable sleeves (30 x 30 mm, unshrunk) for long-lasting abrasion resistance.

These marking and protection elements are compatible with rope diameters from 10.5 to 13 mm.
