

TARP PRO PETZL

<https://www.securhit.com/en/ropes-and-cords/628-bache-petzl-tarp-pro.html>

TARP PRO PETZL large-format rope cover, designed to protect ropes. Easy to use, durable and abrasion-resistant, with four handles for easy transport.

Description

Ropes are essential equipment for work at height and rescue missions. PETZL's TARP PRO rope cover is a real ally when it comes to providing long-term protection. It offers many advantages:

- Large format with generous dimensions (100 x 100 cm)
- Effective protection against the elements
- Suitable for all rope lengths
- Easy storage, with the possibility of separating the backup rope from the work rope inside the bag
- Four handles for easy transport
- Color-coding to distinguish rope ends
- High abrasion resistance and durability (420 denier)

Black color.
