

PETZL NEST STRETCHER

<https://www.securhit.com/en/caving-and-canyoning/629-civiere-speleo-petzl-nest.html>

PETZL NEST stretcher for technical rescue in confined spaces. Easy-to-handle equipment for transporting victims in horizontal, vertical or oblique positions.

Description

Transporting victims remains a delicate operation requiring ultra-reliable equipment. Particularly in rough terrain or confined spaces, where evacuation can be extremely complex. PETZL's NEST stretcher combines several assets to ensure successful missions.

- Easy handling, thanks to the full body harness designed with the stretcher.
- Simple installation thanks to color-coding
- Pre-orientated attachment points on the sides for easy buckle closure
- FAST LT PLUS automatic buckles for quick adjustment, while preventing accidental opening
- Flexible, easy-to-handle straps
- Longitudinal slats and cross-plates can be removed to save space
- Long-lasting durability: reinforced handles in high-tenacity polyethylene (HDPE), rigid, levelled plastic base, comfort foam in the back, adjustable support foams for thighs and feet.

The stretcher is compatible with the STEF balancing accessory.

Caractéristiques

- Weight : 13100 g
- Materials : TPU, polyamide, polyéthylène, aluminium
- Certifications : CE
- Charge maximale autorisée : 150 kg
