

BAG FOR PETZL NEST STRETCHER

<https://www.securhit.com/en/caving-and-canyoning/630-sac-pour-civiere-speleo-petzl-nest.html>

Bag for storing and transporting PETZL's NEST stretcher, with three handles and a shoulder strap. Openings at the ends to pass the stretcher handles and simplify handling.

Description

A suitable bag is essential for holding and carrying the NEST stretcher. The equipment designed by PETZL allows you to store the stretcher while taking into account its specific features.

The NEST stretcher bag has openings at the ends, leaving room for the stretcher's handles. This makes it easier to hold. The Velcro fastening system allows the bag to be closed quickly.

Three webbing handles and an adjustable shoulder strap make the stretcher easy to carry. This lightweight, ultra-resistant equipment protects the stretcher from the elements (rain, dust, wind, UV, etc.).

Caractéristiques

- Weight : 1860 g
- Materials : polyuréthane thermoplastique (TPU)
