

4 SPARE SLATS FOR PETZL NEST

<https://www.securhit.com/en/caving-and-canyoning/633-jeu-de-4-lattes-de-rechange-pour-civiere-nest.html>

Set of four spare slats for PETZL NEST stretcher. Equipment to extend the life of the stretcher. Removable slats to reduce space requirements.

Description

If any PETZL NEST stretcher slats look worn, they can be replaced with new ones. The pack of four slats consolidates the stretcher, giving it a second life and ensuring safe transport of victims.

With their removable side, the slats offer a practical solution for limiting clutter during rescue access. They are made of polyester and fiberglass, a material particularly appreciated for its exceptional strength. As a result, the slats can withstand heavy loads without risk of deformation or breakage.

Caractéristiques

- Weight : 3640 g
- Materials : polyester, fibre de verre
