Sturdy, versatile PETZL BOREA helmet, ideal for climbing, mountaineering, caving, via ferrata, canyoning. Specially designed for women.

Description

Protect your head while keeping your hair out of your face during climbing or caving sessions? PETZL's BOREA helmet has been designed with women's safety in mind. Practical, it can be worn with a ponytail, thanks to its adapted headband.

- Great protection thanks to its full-coverage design, with a lowered back section (TOP AND SIDE PROTECTION label from Petzl).
- Inner foams and soft headband for maximum comfort
- Ultra-rigid, durable ABS shell and foam inserts for added strength
- A semi-rigid OMEGA headband with a simple fit and marked indentation for easy wearing with a ponytail
- Good air circulation thanks to ventilation holes
- Fully adjustable chinstrap and side straps
- Very light (305 grams)
- Versatility: the helmet can be used for climbing, mountaineering, caving, via ferrata and canyoning.
- Easy to store and transport, thanks to a headband that retracts inside the helmet
- A headlamp can be attached using the hooks on the front of the helmet and the elastic band on the back.

The PETZL BOREA helmet is available in three colors: lilac white, navy blue and jungle green.

Head size: 52-58 cm
Weight: 305 g
