ADJAMA PETZL harness for traditional or long-pitch climbing and technical mountaineering. Maximum comfort and freedom of movement.

Description

Whether you're cliff climbing, long-distance climbing or technical mountaineering, you need specific equipment to ensure your safety. Comfort, practicality and adaptability: the ADJAMA harness from PETZL combines a number of advantages.

- Padded waist and thigh straps
- Wide, comfortable waistband
- ENDOFRAME technology distributes weight evenly, preventing unpleasant pressure points.
- Two large, rigid front gear loops with a system for easy attachment and removal of carabiners
- Two soft rear gear loops (for carrying a backpack)
- A generous central gear loop at the rear
- Accessory ring added behind the harness
- Compatible with CARITOOOL EVO tool holder
- DOUBLEBACK buckles for easy adjustment of thigh loops
