PETZL FINESSE WEBBING

https://www.securhit.com/en/anchors-and-tie-back-systems/653-882-sangle-petzl-finesse.html#/798-taille_c042aa-10_cm

Ultra-light PETZL FINESSE webbing with STRING protection against webbing wear and for carabiner stabilization. Ideal for quickdraw assembly, with two different sizes.

Description

Straps play an essential role when working at heights or ensuring safety during climbing sessions. PETZL's FINESSE webbing, designed in HDPE, combines lightness and great strength to make climbing easier.

- Flexibility that allows the sling to be folded for easy transport.
- Ergonomic shape for excellent grip
- Guaranteed rope protection and carabiner stabilization thanks to the STRING at the lower end.

FINESSE webbing comes in two different sizes, 10 and 17 cm.

10 cm webbing: 7 g
17 cm webbing: 10 g

Resistance: 22 kN.

Caractéristiques

- Materials : PEHD, caoutchouc
