PETZL ASAP'SORBER INT LANYARD

https://www.securhit.com/en/lanyards-and-absorbers/663-933-longe-petzl-asap-sorber-int.html#/849-longueur_l071aa-20_cm

PETZL ASAP'SORBER INT energy absorber for use with ASAP or ASAP LOCK mobile fall arresters. Available in two different lengths (20 or 40 cm).

Description

Fall arrest systems are essential in high-risk environments. Especially when working at height, where professionals need ultra-reliable equipment. The PETZL ASAP'SORBER INT energy absorber, to be combined with the ASAP or ASAP LOCK mobile fall arrester, combines a number of advantages to ensure your safety:

- Possible distance from the rope to eliminate any discomfort during the mission and protect the rope from sharp elements
- Excellent energy absorption if the user falls, by tearing the energy absorber strap
- Protection of the absorber thanks to the heavy-duty fabric pouch and its opening at the ends
- STRINGed ends to prevent abrasion of the strap and hold the connector in position

The PETZL ASAP'SORBER INT energy absorber comes in two lengths, 20 cm (125g) or 40 cm (145g). A good way of reconciling distance from the rope and reduced fall height.

User weight: between 50 and 130 kg.

Caractéristiques

- Materials : polyamide, polyester
- Certifications : CE EN 355, ANSI Z359.13 6 feet, UKCA, EAC, GB/T 24538-2009 : ? II
