PETZL SPIRIT EXPRESS quickdraw for sport climbing. Lightweight, ergonomic and versatile, ideal for adventures on long routes, cliffs or mountaineering.

Description

Are you passionate about long-distance adventure climbing? Reliable equipment is essential to ensure your long-term safety. PETZL's SPIRIT EXPRESS quickdraw has been specially designed to offer great versatility and efficiency.

- Keylock system on carabiners to prevent accidental snagging
- Excellent grip thanks to the straight finger design
- Easy rope clipping thanks to the curved finger format
- Flat design on the back of the carabiner and ergonomic EXPRESS sling for excellent grip
- STRING webbing protection.

Depending on use, the PETZL SPIRIT EXPRESS quickdraw offers a number of advantages:

- Good grip and easy clipping for cliff climbing
- Lightweight, practical to take with you on long climbing sessions
- Can be used even with mountaineering gloves

The quickdraw is available in three sizes: 11, 17 and 25 cm.

Long axis resistance: 23 kN. Small axis resistance: 7 kN. Open finger strength: 8 kN. Carabiner opening: 21 mm for straight finger, 24 mm for curved finger.
