Holding accessory for PETZL STRING connector and strap protector (pack of 10). Available in two sizes, XL or M.

Description

Equipment tends to wear out over time. So it's important to take care of them and choose devices to help protect them over time. Such is the case with the PETZL STRING connector and strap protection accessory. Practical, it is placed between the end of the strap and the bottom of the connector.

The protective device is available in two sizes to suit your needs: STRING M for 15 to 20 mm webbing widths and STRING XL for 25 to 30 mm webbing widths.

Weight: 3 grams for size M, 10 grams for size XL.
3-year warranty.
