

PETZL ROLLCLIP PULLEY

https://www.securhit.com/en/pulleys-and-ascenders/685-1002-poulie-petzl-rollclip.html#/918-modele_p74-sans_verrouillage

PETZL ROLLCLIP pulley-carabiner to simplify rope installation when the pulley is attached to the anchor. With TRIACT-LOCK automatic locking system or without locking system.

Description

When working at height, it's essential to make everyday life easier. PETZL's ROLLCLIP pulley-carabiner, with its finger opening on the pulley side, simplifies rope installation if the pulley is already attached to the anchor.

- High efficiency (85%) thanks to the 18 mm diameter sheave on sealed ball bearings.
- Can be used in conjunction with the CAPTIV barrette to improve carabiner load on the long axis.
- Keylock system reduces the risk of accidental snagging of the carabiner
- H-format carabiner to improve strength/lightness ratio and protect markings from abrasion
- A choice between TRIACT-LOCK and non-locking equipment
- Rope diameter from 7 to 13 mm

Maximum working load: $2 \times 2 = 4$ kN.

Long axis resistance: 20 kN.

Small axis resistance: 8 kN.

Open finger strength: 7 kN.

Caractéristiques

- Weight : Entre 105 et 115 g
- Material : Aluminium
- Certifications P74 : CE EN 12275, EN 12278, UKCA, EAC
