PETZL ROLLCLIP Z PULLEY

https://www.securhit.com/en/pulleys-and-ascenders/686-1004-poulie-petzl-rollclip-z.html#/920-modele_p75-screw_lock

PETZL ROLLCLIP Z carabiner pulley for easy installation on anchors and fixtures. Available with automatic TRIACT-LOCK system or manual SCREW-LOCK system.

Description

When working at height, certain equipment can simplify operations that are sometimes complex or delicate. PETZL's ROLLCLIP Z carabiner pulley, with its finger opening on the opposite side of the pulley, simplifies installation on equipment.

- High efficiency (85%) thanks to 18 mm diameter sheave on sealed ball bearings.
- Possibility of adding the CAPTIV bar to optimize the carabiner's load on the long axis.
- Keylock system reduces the risk of accidental snagging of the carabiner
- H-shaped carabiner for optimum strength/lightness ratio, while protecting markings from abrasion
- The option of automatic triple-action opening (TRIACT-LOCK) or manual screw locking (SCREW-LOCK) with red indicator light if the carabiner is unlocked.
- Rope diameter between 7 and 13 mm

Maximum working load: 2 x 2 = 4 kN.
Long axis resistance: 20 kN.
Small axis resistance: 8 kN.
Open finger strength: 7 kN.

Caractéristiques

- Weight : entre 105 et 110 g
- Certifications : CE EN 362, EN 12278, UKCA, EAC

- Ouverture : environ 20 mm
