High-strength PETZL VECTOR 12.5 MM semi-static rope with excellent grip, a flexible piece of equipment ideal for rescue. Available in six colors and four lengths.

Description

Ultra-strong equipment is needed for rescue operations. PETZL's VECTOR 12.5 MM semi-static rope guarantees a high level of safety for professionals working at height:

- A large 12.5 mm diameter, ideal for handling heavy loads (very high strength and excellent grip)
- Reliable design thanks to a polyamide core and polyester sheath, with special braiding
- Long-lasting flexibility thanks to EverFlex technology
- Six different rope colors (white, yellow, black, blue, red, orange)
- Four standard lengths available (50, 100, 200 and 500 m)
- Customizable lengths (up to 700 m) and the option of adding manufactured sewn terminations at one or both ends

Strength with figure-of-eight knot: 23 kN
Strength with sewn termination: 34 kN
Impact force (factor 0.3): 5.7 kN
Number of falls factor 1: 15
Construction: 32 spindles
Sheath percentage: 46
Static elongation: 2.8

Caractéristiques
