PETZL TRANSPORT ultra-sturdy 30, 45 or 60-liter carry bag. Designed with a high-resistance TPU tarpaulin and three handles for carrying by hand or on the back.

Description

Carrying light or heavy items, for a short or long time? It's all about finding the right accessories for your day-to-day work. PETZL's TRANSPORT self-supporting carry bag, with a capacity of 30, 45 or 60 liters, offers several advantages:

- great comfort thanks to thermoformed foam in the back and shoulder straps
- Reliable design with welded bottom and sturdy TPU (PVC-free) tarpaulin, resistant to UV, grease and extreme temperatures
- Three heavy-duty exterior handles and one interior handle
- Two material-holding rings
- Possibility of installing a BUCKET rope bag on the shoulder straps for front carrying
- Additional pocket in flap
- An identification window on the top flap

The bag is available in two colors: yellow/black and black.

30-liter bag: height 54 cm, 1300 g
45-liter bag: height 58 cm, 1530 g
60-liter bag: height 62 cm, 1780 g
