

PETZL VASAK CRAMPONS

https://www.securhit.com/en/snow-and-avalanche/699-1083-crampons-petzl-vasak.html#/999-modele_u007-llu_leverlock_universal

PETZL VASAK crampons for classic mountaineering, with 12 points for excellent stability. Two possible fastening systems for adaptation to all types of footwear.

Description

Whether walking on a glacier or a snow couloir, specific equipment is required. PETZL's VASAK crampons offer excellent grip on snow and ice. Designed for classic mountaineering, they are appreciated for their combination of safety and comfort.

- 12-spike steel crampons, including 2 at the front for hard snow, to ensure excellent grip.
- Flexible, high-performance ANTISNOW anti-clogging system
- Two fastening systems to adjust crampons to any pair of boots (LEVERLOCK UNIVERSAL for boots with rear overhang or FLEXLOCK for boots without rear overhang)
- Crampons can be adjusted from size 36 to 50 thanks to bi-position adjustment bars
- Replaceable front blocks, bars, anti-logging system and fastening system

Model U007AA00 with LEVERLOCK UNIVERSAL fastening system
