PETZL PIRANA GUIDE descender with adjustable braking. Designed with a pin and a locking groove for safe use on canyoning trips.

Description

Some activities require special equipment to ensure safety. PETZL's PIRANA GUIDE descender with adjustable braking has been specially designed for independent canyoning enthusiasts and supervisors.

- A choice of three rope levels to determine the braking level before descending.
- Ideal braking lug for extra braking during descent
- The plastic ring keeps the connector in the right position.
- A locking groove with an extra pin for quick and easy key locking

The PETZL PIRANA GUIDE descender is compatible with ropes from 8 to 13 mm in diameter.
