PETZL PICCHU children's helmet for climbing and cycling. A helmet with an impact-resistant outer shell and comfort foam inside for a comfortable fit.

## Description

Sharing outdoor activities with your children (or nephews/nieces) is great fun! But without forgetting their safety. PETZL's PICCHU helmet is specifically designed to protect little ones' heads when cycling or climbing.

- Multi-standard equipment: climbing (CE EN 12492, UIAA), cycling Europe (CE EN 1078), cycling USA (CPSC safety standard - bicycle helmets for users aged 5 and over).
- Designed to PETZL's TOP AND SIDE PROTECTION label
- Full-coverage shape for effective protection against impacts on the sides, front and back
- A hard ABS outer shell, appreciated for its resistance to shocks and scratches (long life)
- Easy-to-remove, washable comfort foams
- Head size suitable for children aged 3 to 8 (48-54 cm)
- Stickers to personalize the helmet according to the child's wishes
- Good ventilation thanks to side openings
- Adjustable headband and chinstrap for a comfortable fit
- Thin polyester straps for extra comfort
- Four attachment hooks for easy addition of a headlamp

The PETZL PICCHU helmet is available in two colors: blue or purple.
