PETZL TIKKID 20 lumen headlamp for children over 3. A compact headlamp with three lighting levels and battery operation or with a rechargeable CORE battery.

Description

Play hide-and-seek in the evening, read in the tent, indicate your presence from afar... With the TIKKID headlamp from PETZL, children can live outside day and night! This equipment follows them everywhere, enabling them to see even in total darkness.

- Maximum power of 20 lumens to avoid glare and ensure comfort for little eyes
- Wide beam
- Three levels of white light (low, high or flashing 20 lumens)
- A single knob for easy selection of lighting options
- Easy-to-adjust headband
- IPX4 waterproofing to resist splashing water
- Battery box closed with a flat screw
- Phosphorescent reflector to detect when the light is off in the dark
- Automatic switch-off after one hour
- HYBRID CONCEPT design: operation with three batteries (alkaline, lithium or rechargeable Ni-MH) or with the rechargeable CORE battery (not supplied)

PETZL's TIKKID headlamp for children over 3, available in blue or pink.
