Ultra-powerful, rechargeable PETZL SWIFT RL 1100 lumen headlamp. REACTIVE LIGHTING® technology adapts light output to ambient light conditions.

Description

You're looking for the best equipment to follow you during your sporting activities. Trail running, cross-country skiing, mountaineering, hiking... Whatever the sport, PETZL's SWIFT RL headlamp is the perfect companion for night-time outings. With its high power and comfort, you'll spend every evening outdoors!

Well-thought-out technology

- Maximum power of 1100 lumens for a range of up to 155 m (2-hour runtime)
- Two types of lighting, REACTIVE LIGHTING® or STANDARD LIGHTING (fixed/flashing white or red light)
- Luminosity sensor with REACTIVE LIGHTING® mode to automatically adapt lighting to the environment (dark night, sunset, full moon...)
- At least 7 h autonomy with REACTIVE LIGHTING® mode at STANDARD level
- Mixed beam depending on needs during night-time activity: near or far vision
- A reflective zone on the back of the headband
- IPX4 waterproofing to resist water splashes

Unbeatable comfort

- High power for low weight (100 g)
- Ergonomic, easy-to-install and washable headband, designed in two parts (PETZL patent)
- The possibility of creating a lantern with the SHELL LT storage pouch

Easy to use

- One button for all lamp functions
- LOCK system to prevent accidental ignition
- 2350 mAh lithium-ion battery for recharging via USB-C plug (charge indicator)
- Visible battery level thanks to a five-level gauge
- Lamp can be tilted up or down, depending on where you place it

The SWIFT RL rechargeable battery is available as an accessory.

Caractéristiques

- Weight : 100 g
- Charging time : 5 h
- Certifications : CE, UKCA
