

CAMP SPHINX FIXED PULLEY

<https://www.securhit.com/en/pulleys-and-ascenders/72-poulie-fixe-camp-sphinx.html>

Sphinx compact pulley

Description

Ultra-compact pulley with fixed flanges.

Excellent handling: minimal thickness and large hole for carabiner ferrule.

For ropes up to 13 mm.

Can be used with a Prusik self-locking knot, which can be installed on one side.

Rotates on self-lubricating bronze bearings: ideal for low speed use. Efficiency: 80%.

Aluminium alloy body and sheaves, stainless steel shaft.

Caractéristiques

- Dimensions : 86 x 50 mm
- Weight : 95 g
- Material : Alliage d'aluminium
