Ergonomic via ferrata kit PETZL EASYHOOK with SCORPIO EASHOOK lanyard, CORAX harness and BOREO helmet. Two harness sizes available.

Description

A nature sport that helps you manage stress, while exercising your muscles? Via ferrata is as good for your body as it is for your mind. But to practice it safely, equip yourself with PETZL's ergonomic EASYHOOK via ferrata kit. It includes three accessories to help you progress serenely along the cliffs.

A SCORPIO EASHOOK via ferrata lanyard:

- For people from 40 to 120 kg
- SWIVEL anti-twist system to prevent twisting
- Self-locking carabiners
- A set of components that combine robustness and durability

CORAX adjustable harness in size 1 or 2:

- Easy installation
- DOUBLEBACK buckles on waistband and thighbands for easy adjustment
- Comfortable long-term wear

BOREO helmet:

- High impact resistance
- Full-coverage design for effective impact protection on sides, front and rear
- Fully adjustable equipment

Kit with size 1 harness: 1270 grams
Kit with size 2 harness: 1320 grams
