Description

Climbing or nothing! If that's your credo, find the right equipment to conquer the cliffs and progress in this activity. PETZL's CORAX SM'D TL GRIGRI kit includes the three basic elements to ensure your safety during climbing sessions.

A fully adjustable CORAX harness, in size 1 or 2:

- Designed for excellent comfort and sturdiness
- Easy adjustment of waistbelt and leg loops

A belay device with GRIGRI assisted locking:

- Cam-assisted locking (the belay device almost single-handedly provides braking in the event of a fall)
- Great comfort during descent
