PETZL DJINN CARABINER

https://www.securhit.com/en/carabiners-and-connectors/729-1154-mousqueton-petzl-djinn.html#/1070-modele_m060-droit_gris

Heavy-duty PETZL DJINN carabiner for cliff climbing, with large friction zone and Keylock system. Two models available: straight finger and curved finger.

Description

Are you passionate about rock climbing? PETZL's DJINN carabiner combines sturdiness, durability and ease of use to ensure total safety on your mountain outings. A piece of equipment that will never leave your climbing gear!

Long-term use

- Large contact zones with the rope and anchor to ensure better rope passage and limit carabiner wear
- Ultra-light weight (44 grams) for excellent resistance

Easy clipping and unclipping

- Oversized carabiner, ideal for large hands or use with gloves
- Keylock system prevents accidental snagging
- Excellent grip with straight finger design
- Easy rope clipping with the curved finger
- Flat back for better grip

The PETZL DJINN carabiner is available in two models: straight (gray) and curved (turquoise or purple).

Large axis resistance: 23 kN
Small axis resistance: 8 kN
Open finger strength: 9 kN
Opening: 24 mm (straight finger), 27 mm (curved finger)
