CROCHET PETZL progression hook with wide or narrow opening, ideal for artificial climbing. Equipment with a comfortable, safe grip.

Description

Insufficient natural holds? Many items of climbing equipment can help you get out of tricky situations. PETZL's CROCHET progression and positioning hook is the perfect way to pull yourself up more easily. It comes as a REGLETTE or GOUTTE D'EAU hook, both useful for artificial climbing - to be used according to the configuration of the holds available.

GOUTTE D'EAU hook

- A rounded, teardrop-shaped hook
- Equipment designed to hook depressions, holes or various rock asperities
- Versatility for poorly defined holds

REGLETTE hook

- An accessory designed for crocheting rulers and scrapers
- A more angular shape with a flat part, practical for inserting into small horizontal cracks or tiny ledges
- Narrow opening and small contact point

3-year guarantee.
