Hyperstatic, ultra-light and sturdy PETZL PUR'LINE rope. Equipment for climbers and mountaineers to hoist a pack and rappel a single rope.

Description

Climbers and mountaineers need all kinds of equipment to ensure their safety. PETZL's PUR'LINE rope is a useful accessory for bag hoisting and single-rope abseiling.

- An ultra-light rope (20 grams per meter) to reduce the total weight to be carried.
- A compact piece of equipment, taking up less space in the pack
- Practical versatility for use in a variety of situations
- A rigid accessory to simplify belay storage and abseiling rope throws
- Excellent grip thanks to rough sheathing
- Designed in HDPE, a material appreciated for its lightness, abrasion resistance and durability
- Compatibility with most PETZL rope clamps and pulley clamps (TIBLOC, BASIC, ASCENSION, MICRO TRAXION and NANO TRAXION) for bag hauling.

PETZL's PUR'LINE cord is available in two lengths: 200 meters or 65 meters.

Cord diameter: 6 mm.

Caractéristiques

- Material : polyéthylène haute densité (PEHD)
- Poids au mètre : 20 g
- Certifications : CE EN 564, UIAA
