

PETZL CONTACT 9.8 MM ROPE

https://www.securhit.com/en/ropes-and-cords/736-1171-corde-petzl-contact-98-mm.html#/1087-modele_r33-bleu_30_m_pour_salle

Lightweight PETZL CONTACT 9.8 MM single rope for cliff and/or indoor climbing. Equipment that combines versatility, strength and durability to ensure safe climbing sessions.

Description

Depending on the type of activity, it's best to use specific equipment. The PETZL CONTACT 9.8 MM climbing single rope can be used on cliffs and indoors for the CONTACT model, or indoors only for the CONTACT WALL model.

Practical and comfortable to use

- Highly flexible, ideal for giving slack more easily in belay devices
- Lengths specially adapted to indoor climbing on CONTACT WALL
- ClimbReady coiling to unfold the rope correctly and avoid tangling

Excellent grip

- EverFlex heat treatment for better rope homogenization, excellent grip and consistent handling - even over the long term
- Balanced 40-spindle grip
- Middle Mark to indicate the middle of the rope

Long service life

- Thick sheath to resist abrasion
- Ultrasonic finish prevents the rope tip from bursting

PETZL CONTACT ropes are available in several lengths: 30, 40, 60, 70 or 80 meters. Two colors are available, blue or green.

Sheath percentage: 41
Number of falls factor 1.77 : 7
