Compact, ergonomic and practical PETZL BUG backpack for carrying your climbing gear. Ideal for day trips on long routes.

Description

Set off on an all-day adventure with an adapted transport bag! The goal: climbing sessions from morning to night, with the right equipment. PETZL's BUG backpack, with its compact shape and ergonomic design, offers great freedom of movement - combined with efficient gear transport!

- 18-liter bag to carry all your gear
- Side compression straps to keep the contents of the bag in place during activities
- An adjustable strap for attaching a rope to the top of the bag
- Various pockets: a large one on the outside, an interior compartment (ideal for a water bag or laptop), a wallet pocket and a topo pocket on the back of the bag
- Retractable belt
- Easy-to-adjust chest strap to stabilize the bag during climbing sessions
- High-density textile-lined bottom and sides

The PETZL BUG backpack is available in two colors, gray or red.
