# PETZL SCORPIO EASHOOK LANYARD

*https://www.securhit.com/en/lanyards-and-absorbers/753-longe-via-ferrata-scorpio-eashook.html*

PETZL SCORPIO EASHOOK via ferrata lanyard with two wide-opening EASHOOK carabiners and an anti-twist system. A durable piece of equipment for intensive use.

## Description

Are you interested in via ferrata? Or have you been doing it for some time and are looking for specific equipment? PETZL's SCORPIO EASHOOK lanyard will follow you wherever you go! Sturdy and durable, you'll be delighted to use it every day.

- Perfectly compliant with EN 958:2017 standard to adapt to different weights (from 40 to 120 kg)
- Two elasticated strands with high elongation potential to suit all body sizes
- Great comfort thanks to the ultra-compact tear-off absorption system (PETZL patent)
- Reduced bulk when walking, thanks to the lanyard's short connection to the harness
- Two elasticated strands combined with a SWIVEL anti-twist system to simplify handling
- A shorter section for resting on a rung
- EASHOOK captive aluminium carabiners with automatic locking system and ergonomic design for a good grip
- Energy absorber protected by zippered protective cover
- Durable HDPE (high-density polyethylene) retractable strands

Retracted length: 74 cm, extended length: 108 cm.
Size of short section without carabiner: 26 cm.
