PETZL OSCILLATING PULLEY

https://www.securhit.com/en/pulleys-and-ascenders/756-poulie-legere-oscillante.html

PETZL OSCILLANTE pulley with movable flanges. Ideal for crevasse rescue or unexpected hoisting systems.

Description

Some emergency situations require special equipment to prevent accidents. Whether you're rescuing someone from a crevasse or hauling them up unexpectedly, it's best to have the right equipment □just in case□. PETZL's OSCILLANTE rescue pulley is specially designed to get people out of tricky situations as quickly as possible.

- Quick and easy installation, even when wearing gloves, thanks to mobile flanges.
- Lightweight (42 grams)
- Lightweight, durable materials: nylon sheave and aluminum flanges
- High performance thanks to excellent strength-to-weight ratio

Acceptable rope diameters range from 7 to 11 mm.

Sheave diameter: 25 mm
Yield: 71
Working load: 4 kN
Working load on one strand: 2 kN
Breaking load: 15 kN

Caractéristiques

- Weight : 42 g
- Materials : flasques en aluminium, réa en nylon
- Certifications : CE EN 12278, UKCA, UIAA
