PETZL ROCPEC ADP ADAPTER

https://www.securhit.com/en/anchors-and-tie-back-systems/760-adaptateur-rocpec-adp.html

PETZL ROCPEC ADP adapter for greater versatility with the ROCPEC black plug. Designed to combine comfort and efficiency when installing 12 mm self-drilling plugs.

Description

When opening routes or installing temporary or permanent anchors, the use of a bung adapter makes life easier for climbers. It makes it easier to drill holes efficiently and safely, without the need for a power supply. A particularly useful accessory for long climbs or remote wall expeditions!

PETZL's ROCPEC ADP adapter offers many advantages for your climbing sessions. What does it do? To increase the versatility of the ROCPEC and ensure maximum comfort when installing 12 mm self-drilling anchors. The 8 mm thread and ROCPEC-compatible sleeve make drilling holes child's play.
