

PETZL SIROCCO HELMET

https://www.securhit.com/en/helmets-and-accessories/782-1360-casque-petzl-sirocco.html#/1177-modele_a073da-blanc_s_m

Ultra-lightweight PETZL SIROCCO helmet for climbing and mountaineering. Assured head protection with a full-coverage design and PETZL's TOP AND SIDE PROTECTION label.

Description

During climbing and mountaineering sessions, it's essential to protect your head in the event of a fall. PETZL's SIROCCO helmet helps to ensure your safety, so you can enjoy your outings with complete peace of mind! Its main advantage? An excellent lightness/protection ratio.

Incredibly light

- Weighing just 170 g
- Even lighter structure with minimalist buckle and adjustment straps
- An EPP (expanded polypropylene) foam cap and a rigid shell injected with EPS (expanded polystyrene) foam.

High protection

- PETZL's TOP AND SIDE PROTECTION label, which meets EN-12492 requirements over the entire helmet surface.
- A full-coverage helmet to protect against impacts on the sides, front and back of the head

XXL comfort

- Wide field of vision thanks to open front profile
- Straps and chinstrap for easy helmet adjustment
- Excellent air circulation thanks to ventilation holes and grooves in the padding
- Front hooks and rear elastic band for headlamp attachment

The PETZL SIROCCO helmet is available in two sizes, S/M or M/L, and in two colors, black or white.

Size S/M: head circumference 48-58 cm, weight 160 g.

Size M/L: head circumference 53-61 cm, weight 170 g.
