PETZL CONTROL 12.5 MM semi-static rope for pruning. Highly appreciated for its strength and excellent grip. Three lengths available.

Description

For successful pruning, you need equipment that combines high strength and durability. PETZL's CONTROL rope is ideal for working at height in trees. Its large 12.5 mm diameter ensures an excellent grip.

- Sturdy, 100% polyester, double-braided design
- An end designed with a patented, compact splice for easy insertion into various devices (pulley, false fork, etc.) and easy passage through the locking chain of ZIGZAG and ZIGZAG PLUS mechanical Prusiks.
- 3.1% static elongation
- Long-lasting flexibility thanks to EverFlex technology, even in adverse conditions (frost, rain, mud...)

PETZL CONTROL rope is available in green or orange.
