

PETZL RUMBA 8 MM DOUBLE ROPE

https://www.securhit.com/en/ropes-and-cords/791-1412-corde-double-petzl-rumba-8-mm.html#/1228-modele_r21-50_m_bleue

8 mm diameter PETZL RUMBA double rope for long route climbing and mountaineering. Reinforced durability and high resistance with Duratec Dry treatment.

Description

Sports enthusiasts are looking for ultra-resistant equipment to ensure safety in the mountains. PETZL's RUMBA double rope is specially designed for big-pitch climbing and mountaineering. With its versatility, excellent grip and great comfort, you'll love climbing even more!

Plus? Its Duratec Dry treatment offers greater resistance to moisture, abrasion and dirt. The rope will be your companion on snow, ice or rock.

- Excellent ratio between diameter, lightness and compactness
- Superior control thanks to 40-spindle grip
- UltraSonic Finish with integral core and sheath ends (greater durability)
- Easy handling with Middle Mark marking
- EverFlex heat-treatment for excellent rope homogeneity
- Special ClimbReady coiling to preserve fibers and reduce the risk of twisting

PETZL's RUMBA double rope is available in two colors (red or blue) and two lengths (50 or 60 m).

Sheath percentage: 41%.

Number of falls factor 1.77: 7 (double), 22 (twin).

Static elongation: 11% (double), 6% (twin).

Dynamic elongation: 34% (double), 34% (twin).

Impact force: 5.9 kN (double), 9.6 kN (twin).

Construction: 40 spindles.

Caractéristiques

- Material : Polyamide
- Certifications : CE EN 892, UKCA, UIAA
- Poids par mètre : 44 g
