9.5 mm diameter PETZL ARIAL single rope for climbing and mountaineering. Durable, high-performance equipment with Duratec Dry treatment, ideal for working and linking routes.

Description

Climbing and mountaineering require durable, solid and comfortable equipment. PETZL's ARIAL single rope is an essential piece of equipment for safe climbing. Perfectly suited to route work, it offers numerous advantages.

- Enhanced durability with a thick sheath and Duratec Dry treatment (high resistance to water, dust and abrasion) for use on snow, ice and/or rock.
- UltraSonic Finish with a solid connection between core and sheath at the ends (guaranteed rope stability)
- Excellent flexibility to simplify slack giving in belay devices
- EverFlex heat treatment to give the rope homogeneity
- Special ClimbReady coiling to preserve fibers and reduce the risk of twisting
- Excellent grip with 40-spindle grip and Middle Mark marking (easier maneuvering)

PETZL's ARIAL single rope is available in two colors: red or blue.

Sheath percentage: 40%.
