

## PETZL LEOPARD CRAMPONS

[https://www.securhit.com/en/snow-and-avalanche/800-1464-crampons-petzl-leopard.html#/1280-modele\\_u004-leverlock\\_fil](https://www.securhit.com/en/snow-and-avalanche/800-1464-crampons-petzl-leopard.html#/1280-modele_u004-leverlock_fil)

Ultra-light 10-point PETZL LEOPARD crampons for ski touring and snow approaches, adaptable to all boots. Two binding systems: LEVERLOCK FIL or FLEXLOCK.

## Description

Is walking on ice or in snow your passion? Hike peacefully with LEOPARD crampons from PETZL! We love these lightweight crampons, specially designed for ski touring or approaching snow.

- Ultra-light weight: 330 g for the LEVERLOCK FIL version and 385 g for the FLEXLOCK version.
- Aluminum design with CORD-TEC connection in high-density polyethylene (HDPE)
- Compact design, thanks in particular to the flexible connection system
- 10 spikes ideal for stability on hard snow
- Two types of binding: LEVERLOCK FIL for boots with overhangs (front and rear) and FLEXLOCK for boots without overhangs (front and rear)
- Tool-free adjustment
- ALPEN ADAPT system for modulating the various crampon components (heels, cords and fastening system)
- Compatibility with all front bindings to fit most shoes, with or without front overhang
- Compatible with the ANTISNOW LEOPARD anti-clogging system, which limits snow accumulation under the crampons
- Size adaptable from 36 to 46

PETZL LEOPARD crampons come with a CORD-TEC carrying pouch.
