SLOT ADAPT PETZL

https://www.securhit.com/en/headlamps/808-slot-adapt-petzl.html

PETZL SLOT ADAPT plate for attaching a headlamp to PETZL ERTEX or STRATO helmets. Compatible with ARIA® and SWIFT® RL headlamps.

Description

Good visibility is essential when light levels are low, or when working at height or on the ground at night. That's why it's so important to have a headlamp, so you can see clearly while keeping your hands free! PETZL's SLOT ADAPT is the perfect accessory for efficiently attaching a headlamp to a helmet with a slot system.

- Adjustable lamp inclination
- Quick installation on helmet (same for removal)
- A detachable adhesive lock to secure the plate permanently, if required
- Compatible with ARIA® and SWIFT® RL lamps

Acrylic adhesive works with PETZL helmets. For all other helmets, please check compatibility!

Caractéristiques

- Weight : 11 g
