PRO ADAPT PETZL

https://www.securhit.com/en/headlamps/810-fixations-frontale-sur-casque-petzl-pro-dadapt.html

PRO ADAPT PETZL adhesive accessory for attaching a DUO headlamp to all types of helmet. A moisture- and shock-resistant accessory for an impeccable fit.

Description

When working at height or on the ground, it's important to be able to see clearly, even in total darkness. Headlamps are a very practical way of keeping your hands free! PETZL's PRO ADAPT adhesive is the ideal accessory for attaching headlamps to helmets without a headband. It is used in particular for lamps in PETZL's DUO range.

- Two-part adhesive design resists moisture and impact
- Can be used to securely attach DUO RL and DUO Z1 lamps.
- Compatible with all PETZL helmets

If you own a helmet from another brand, please check compatibility with the manufacturer.

Caractéristiques

- Weight : 48 g
